

## Tribute to 2007

Dear Readers,

Avrum and I feel like we have travelled around the world, tasting the food of so many countries. Thank you for joining us on our voyage. The year is almost over, yet there is a lot more to come in 2008. This year has been one of the most productive, life touching and heartfelt years for me. We would like to thank all the waiters, chefs, busboys, dish washers, hostesses, managers and restaurant owners who have made life easier and memorable for so many. You are the people that give us the experience to eat out and we thank you.

I am grateful for many things. Our Editor for 24 Hours had surprised us with putting us on the cover of 24 Hours for our World Biggest Multicultural Salad. We fed over 15,000 hungry people, and it brought tears to my eyes. In March, we are planning to feed the public free soup for one day at kiosks set up throughout Toronto. We will also deliver free soup to the hostels, charities, and missions for that day. God bless, a bowl of soup can feed so many.

A documentary was filmed at the Grille Restaurant on the Queensway, where Jimmy and his father fed over 1,000 homeless people Thanksgiving dinner. There was a woman who touched my heart and was very special. She was determined to get her life together and I wanted to hold her and never let go.

Eat to the Beat was a fundraiser for Willow - Working with Women with Cancer. Imagine over sixty female chefs at Roy Thompson Hall, each with their own masterpieces and creations. We talked to all these women and also filmed the experience. Women who empower other women seem to touch every life around them.

Sun TV has told us our television show Moveable Feast, seen on Sundays at 10:00pm, is renewed for another 26 weeks! We are also developing two more shows, Toronto Talks and Beer Buds, to go on Sun TV. What the future holds is a bag full of happiness for us and others. We are building a kids and family website to inspire children to get healthy and feel better about themselves. Together with many others, we will be making the World's Largest Curry in May, and again, feeding people for one day for free.

Thank you to everyone who read our articles and watch our television shows. Avrum and I are honoured and touched by the kindness of people. Your smiles and words of encouragement will always have the sound and spirit of love. May you have the most wonderful Christmas! Please remember that there are so many out there that need you to remember them. A good deed is magic to someone's heart. God bless, and let our wish be that no one ever goes hungry in our world.

With much love,

Marty and Avrum
